

Integrated Pest Management Models

Integrated Pest Management allows you to monitor pest and disease models specific to crops. This list shows the current disease/pest models supported by IPM. The list will be updated as new models are added. Please check back frequently.

Don't see the model you need on the list? Please call Davis Technical Support at (510) 732-7814 or email support@davisinstruments.com to suggest an addition to our list.

[What do you need to leverage IPM?](#)

DISEASES	
GRAPES	Anthracnose of Grape Black Rot of Grape Botrytis Bunch Rot of Grape Downy Mildew of Grape Phomopsis Cane and Leaf Spot of Grape Powdery Mildew of Grape Primary and Secondary Infection Secondary Infection Only
NIGHTSHADES	Early Blight P-Days
